Professional Employment Experience

May 2014 -	District Archaeologist, Central Illinois Field Station (CIFS) of the Illinois State Archaeological Survey (ISAS), a division of the Prairie Research Institute (PRI), University of Illinois at Urbana-Champaign. Responsibilities include: supervision of Phase I through Phase III archaeological field operations in an area East-Central Illinois roughly corresponding to IDOT Districts 3, 5, and 7, under the direction of ISAS Director of Statewide Surveys Brian Adams. Since 2008, I have authored and/or co-authored more than 75 Archaeological Survey Short Reports (ASSR), detailing Phase I survey projects throughout central Illinois in IDOT Districts 3, 4, 5, 6, 7, and 8.
June 2012 – May 2014	Staff Archaeologist, Central Illinois Field Office (CIFO) of the Illinois State Archaeological Survey (ISAS), a division of the Prairie Research Institute (PRI), University of Illinois at Urbana-Champaign. Responsibilities include: crew supervision during archaeological survey, testing and excavation, as well as preparation of IHPA short form and other contract reports under the daily direction of Brian Adams and Dale L. McElrath.
August 2007 - June 2012	Archaeologist, Western Illinois Field Station (WIFS) of the Illinois State Archaeological Survey (ISAS), a division of the Prairie Research Institute (PRI), University of Illinois at Urbana-Champaign. Responsibilities include: crew supervision, pedestrian survey, site mapping and documentation, production and interpretation of computer generated maps, feature definition and excavation, preparation of IHPA short form and other contract reports, as well as a variety of laboratory tasks including artifact analysis, under the daily direction of David J. Nolan and Robert N. Hickson.
August 2012	Site Supervisor, CIFO-ISAS, University of Illinois at Urbana-Champaign. Supervised crew during Phase II evaluation and Phase III excavation of the Olympian Drive Site (11CH341) under the immediate supervision of Mark C. Branstner.
August 2008 - October 2008	Field Supervisor, WISD-ITARP, University of Illinois at Urbana-Champaign. Supervised crew during Phase I survey, as well as Phase II evaluation of the Bells Terrace site (11MD1286) as a part of the FAP 542/IL 61 Bridge over the LaMoine River Survey under the daily direction of David J. Nolan and Richard L. Fishel.

June 2008 - October 2008	Field Supervisor, WISD-ITARP, University of Illinois at Urbana-Champaign. Supervised crew during Phase I corridor survey of the IL Route 104 Meredosia Bridge Replacement Project under the immediate direction of Richard L. Fishel.
August 2008	Field Supervisor, WISD-ITARP, University of Illinois at Urbana-Champaign. Supervised crew during Phase I survey of the Canton Bike Path Project under the immediate supervision of David J. Nolan.
April 2008	Field Supervisor, WISD-ITARP, University of Illinois at Urbana-Champaign. Supervised crew during Phase I survey of the Cedar Creek Linear Park Quincy, IL Project under the immediate supervision of David J. Nolan.
September 2011 - January 2012	Archaeological Technician, ABFS-ISAS, University of Illinois at Urbana-Champaign. Participated in Phase III excavations in tract 5 of the East St. Louis Mound and Village site (11S706).
November 2010 March 2011- September 2011	Archaeological Technician, WIFS-ISAS, University of Illinois at Urbana-Champaign. Participated in Phase II and III excavations related to the FAP 310/US 67 North project in Morgan County, including the L. Becker (11MG258), Bearcat II (11MG266), and Early Bethel (11MG475) sites.
May 2011, May 2009	Archaeological Technician, WIFS-ISAS, University of Illinois at Urbana-Champaign. Participated in volunteer excavations at the Fort Johnson/Catonment Davis site (11HA957), a War of 1812 era fortification and encampment, in Warsaw, IL.
May 2010 - September 2010	Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Participated in Phase III excavations associated with the FAP 310/US 67 archaeological survey project, including the Clinton Silt (11JY398), Trinity Hill (11JY582), and Fitzgibbons (11JY585) sites under the daily supervision of David J. Nolan and Robert N. Hickson.
June 2009 - July 2009	Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Participated in Phase III excavations at the DeBaun Homestead site (11MS2258) under the daily supervision of Robert N. Hickson.
April 2009	Archaeological Technician, WIFS-ISAS, University of Illinois at Urbana-Champaign. Participated in volunteer survey of Parker Heights (11A2) and Indian Mounds (11A3) mound groups in Quincy, IL.
December 2007 - March 2008	Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Participated in artifact analysis of materials recovered during Phase III excavations of Archaic habitation horizons at the White Bend site (11HA938) under the direct supervision of David J. Nolan.
May 2007 - July 2007	Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Participated in Phase I surveys connected with the US Route 30 Rock River to Rock Falls, IL archaeological survey project under the daily supervision of Phillip Millhouse.

- July 2006 -
April 2007 Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Participated in Phase III excavation of the White Bend site (11HA938) and other sites connected with the FAP 315/IL 336 archaeological survey project under the daily supervision of David J. Nolan and Richard L. Fishel.
- December 2006 -
March 2007 Archaeological Technician, WISD-ITARP, University of Illinois at Urbana-Champaign. Conducted various laboratory duties connected with the White Bend site (11HA938) including washing and labeling of artifacts and processing of flotation samples.

Additional Relevant Experience

- December 2010 Trained in the use of ArcGIS computer mapping software to digitize feature sketch maps for inclusion into production quality report maps.
- October 2007 -
July 2008 Trained in the use of Total Station computerized theodolite surveying and production of computer generated survey maps using ArcGIS 9 software.
- July 2007 Trained in the use of ArcGIS computer mapping software to generate production quality maps, as well as the collection of geographical information using GPS data collectors.
